**SAVANNAH NEUROLOGY SPECIALISTS RECOGNIZED AS A PARTNER IN
MS CARE BY THE NATIONAL MULTIPLE SCLEROSIS SOCIETY**

Providing Leadership in MS Care

Savannah, Georgia—Savannah Neurology Specialists, a leading provider of care for people living with MS in Savannah has been officially recognized as a Partner MS Care through the National MS Society’s Partners in MS Care program. This formal recognition honors the [center name]’s commitment to providing exceptional coordinated, comprehensive MS care; and a continuing partnership with the Society to address the challenges of people affected by MS.

“We are so proud to partner with Savannah Neurology Specialists to enhance coordinated, comprehensive care for the 9000 people who live with MS in Georgia, said Roy Rangel, president of the Society’s Georgia Chapter. “In earning this recognition, Savannah Neurology Specialists has demonstrated extraordinary leadership in MS care, making a tremendous impact on people affected by MS in our community, ” Roy Rangel continued.

A Partner in MS Care recognizes the critical need for access to a full array of medical, psycho-social and rehabilitation services to address the varied and often complex issues related to living with MS, an unpredictable, often disabling disease of the central nervous system. The Partners in MS Care program acknowledges and encourages total care of people living with MS. The central focus is on the ability of patients to access the needed services, which may be offered on-site or through referral, while upholding excellence in coordinated and comprehensive MS care.
